Except for custom printing with ink, there is also some premium luxury finish such as silver hot foil stamping, gold foil stamping, black and other color foil options. The hot foil stamping logo is shiny, which is eye-catching on the specialty paper boxes. However, the foil logo and text should be big enough designed, otherwise will be foiled blurred, because foil can't be as precise as printing. Besides hot foil stamping, other premium finish like spot UV, embossing logo are also optional for paper rigid gift boxes.
