Product Description

Maximum Load Capacity 5 Kg Product Packaging Box

Our professional packaging box is designed for retail product packaging with dimensions of 30cm x 20cm x 10cm and features kraft paper inner coating for safe transport and enhanced product protection.

Product Overview

This durable packaging box provides an ideal solution for retail businesses seeking professional product presentation. Crafted with precision and featuring high-quality kraft paper inner coating, it protects contents from scratches and impacts during transit and storage.

Weighing 200 grams, the box offers optimal balance between sturdiness and lightweight design, making it economical for shipping and handling. While not water resistant, it's perfectly suited for dry goods and features excellent recyclability.

Key Features

- Durable construction specifically designed for toy packaging
- Maximum load capacity of 5 kg for versatile product storage
- Compact dimensions: 30cm x 20cm x 10cm for easy handling
- Lightweight design at 200 grams for cost-effective shipping

Our Product Introduction

- Kraft paper inner coating for enhanced product protection
- Dry use only - not water resistant
- Ideal for organizing and presenting retail products

Technical Specifications

Product Name	Led Light Packaging Box
Custom Orders	Accepted
